

JIN-DD-MF7500-550W

DIRECT DRIVE MOTOR FOR MF7500

JIN-DD-MF7900-550W

DIRECT DRIVE MOTOR FOR MF7900

Control Box Function:

Function
Speed adjustment
Needle position
12V LED output
220V output

Product parameters:

Power	Speed	Voltage
550W	300-6500RPM.	210 - 240V

➔ Product Brief

1. Green-Power saving Direct Drive Motor.
2. Upgraded PCB design suitable to withstand Power fluctuations.
3. Used Heavy duty motor coil with 100% Full wattage.
4. Stall protection software system avoids burning of motor when there is overload.
