

NA-11

Direct-drive, 1-needle, Top and Bottom-feed, Lockstitch Machine with Double-capacity Hook.

The maximum stitch length is 8mm

With its stitch length being as large as 8mm, the machine is applicable to a broader range of sewing processes.

The machine achieves low-noise

The machine head is designed to achieve optimum balance, thereby reducing vibration and noise. The machine affords the operator a comfortable working environment.

The double-capacity hook is provided as standard

The machine comes with a horizontal-axis double-capacity hook, not only to decrease the frequency of bobbin thread changing, but also to enable sewing work with increased efficiency.

NA-11 is suited to the sewing and decorative shape-tacking of heavy-weight materials such as sofas, bags and stroller, etc.

Features

LED Light

Standard equipped with LED light to illuminate the hand of the needle. The work efficiency of the operator is improved.

Feeding mechanism

The machine's powerful top & bottom feed demonstrates its performance when sewing Leather and heavy fabric.

The lift of the presser foot is as high as 16mm, which responds to the sewing of bulky materials.
